3Ds max  
After effects

### Design

Typography  
Visual Design  
3D modeling  
Responsive Design  
Prototyping  
Design standards

### Coding

HTML  
CSS

## About

I am a User experience designer with knowledge of UI design software like Figma and Adobe XD. And as addition, I know 3D modeling and visual design software and a basic level of video editing in After Effects. When it comes to learning new things, I am so much interested, especially when it comes to design. I am more curious about it.
